About Me

Hello! My name is Silas Hakuzwimana, and I am from Bugesera District, Rwanda. I am currently a student with a strong background in sciences, having earned my A2 Certificate from Gisenyi College 'Inyemeramihigo'.

I have experience teaching entrepreneurship, physics, and mathematics at various schools, which has honed my skills in education and mentoring. My proficiency in multiple programming languages and IT essentials reflects my passion for technology and continuous learning.

In my free time, I enjoy playing football, watching movies, singing, and listening to music. These activities help me stay balanced and energized.

My short-term goal is to secure a scholarship at African Leadership University (ALU) to further my education and develop my skills. In the long term, I aspire to contribute to the technological advancement of my community and country.

Feel free to reach out to me at hakusilas@gmail.com or +250783749019. You can also connect with me on LinkedIn [www.linkedin.com/in/silashakuzwimana]
